MEMORANDUM FOR: Director of Data Processing

FROM:

Chief, Administrative Staff, ODP

SUBJECT: Transfer of Project SAFE Equipment
From CIA to DIA

1. The following is intended as preliminary administrative justification for the future transfer of 32 Delta Data terminals, 50 Data Royal printers with tempest enclosures, two Hetra 3300T printers and one IBM 6670 laser printer being procured for DIA with CIA funds.

2. Procurement of the above items is being accomplished with CIA funds to accommodate a temporary DIA funding problem.

3. Although all of the equipment must be placed on the CIA inventory now, it will be transferred to DIA when DIA reimbursement is received in FY 1984.

4. The above arrangement contains no legal or administrative pitfalls. For the record, so that an audit trail is established for the future transfer, your concurrence with this proposal is requested.
